Introduction to MDM

Why Group Benefits?

A group benefits plan is essential for attracting and *keeping* valuable and qualified employees. It is a wise investment in your team.

A well designed group benefits package will promote a healthy organization, and will contribute to the security and peace of mind of plan members. Not only will this improve morale, but it will help plan members focus on the task at hand.

At MDM we understand this fact, and offer products and services that will help you achieve your goals of a dynamic and efficient team.

Who is MDM?

In operation since 1984, MDM is a fully integrated Third Party Administrator of group benefits. Our progressive approach to group benefits, along with competitive rates and unparalleled service standards makes us unique within this field.
